CITY CENTER PROJECT PRIORITIZATION SUMMARY & BACKGROUND

ACTION

Receive updated information on the City Center Project Prioritization for discussion and provide comments to Staff. This agenda item is provided for informational purposes only. No action by the commission is required.

BACKGROUND

The Lynnwood City Center, part of the City’s Regional Growth Center, is an area designated to accommodate much of Lynnwood’s projected growth. Governing plans for growth in the Regional Growth Center are guided by the Washington State Growth Management Act and Puget Sound Regional Council’s Vision 2040 and Transportation 2040 planning. Local plans and policies include the Comprehensive Plan, Economic Development Action Plan, City Center Sub-Area Plan, Our Community Vision Report and the Citywide Branding Report.

The City Center Sub-Area Plan adopted in 2005 provides policies for guiding the implementation of the City Center including setting priorities for infrastructure and investment. Subsequent Seed Money studies were created that provided refined roadway infrastructure requirements including the City Center Access Study (Perteet Inc., Sept. 2007), City Center Street Master Plan and Mode Split for City Center Street Master Plan (David Evans & Associates, Dec. 2009) and parks infrastructure in the City Center Parks Master Plan (Berger Partnership, Aug. 2007).

Ordinance 2937 adopted by City Council on February 27, 2012 refined City Center grid street infrastructure and parks implementation. This was based on the recommendations of the Seed Money studies, City Center staff work group members, public meetings and the Lynnwood Planning Commission. With the refined public City Center street system and parks implementation, the city is now able to prioritize the identified projects based on evaluation criteria that best implements the City Center.

On December 5, 2012, Staff proposed evaluation criteria to the Planning Commission to be used to score and prioritize the identified City Center projects. Additional outreach was held on the criteria including with the Parks and Recreation Board, Neighborhood and Demographic Diversity Commission, City Center stakeholders, and the Public Facilities District Board. On March 31, 2014, City Council reviewed and commented on the evaluation criteria and authorized the City Center Work Group to proceed with the prioritization.

The City Center Work Group staff has evaluated the projects against the criteria and identified several possible funding, partnership and project linkage opportunities for the priority projects.
Attached is the resulting City Center Project Prioritization Package. It is organized with the Prioritization Steps at the front and Background information following. The package includes the following:

PRIORITIZATION STEPS:
- Step 1: Project Evaluation Criteria
- Step 2: Project Scoring
- Step 3: Possible Project Funding, Partnerships, and Project Linkages
- Recommendation: Summary of Priority Projects

BACKGROUND:
- Background & Policy Guidance
- Prioritization Process
- Public Comments on the Evaluation Criteria
- Project Descriptions
- Possible Funding Options

SCHEDULE
Following the presentation, additional outreach to the boards, commissions and public will provided in June prior to presentation to City Council for consideration.

RECOMMENDATION
