Introduction

This Annual Report provides a summary of the Planning Commission’s work during 2008, including significant discussion issues, actions and recommendations. This is a report to the Mayor and City Council, but may also be of interest to other commissions, organizations and individuals and will be made available to them as well.

Section 2.24.020 of the Municipal Code provides that City boards and commissions shall prepare an annual report.

The Lynnwood Planning Commission operates under the authority of RCW 35A.63. Lynnwood Municipal Code Chapter 2.29 provides the general organization and procedural provisions for the Commission.

The Commission’s work supports implementation of the City’s long-range Comprehensive Plan. It also provides a forum (public meetings, work sessions and hearings) for public comment and discussion of growth, development, land use and urban design matters. Section 3 of the Planning Commission’s Scope & Rules includes the following description of the work of the Commission:

“The Planning Commission shall serve as an “advisory body” to the City of Lynnwood and may act as the research and fact-finding agency for the municipality. To that end it may make such surveys, analyses, research and reports as are generally authorized or requested by its Mayor or City Council, or by the State of Washington with the approval of the City Council.

“The Planning Commission shall undertake the following:

"A. Annually review the Comprehensive Plan of the City as specified by the Growth Management Act of the State of Washington and suggest plan amendments, as appropriate.

"B. Annually, review all applications and suggestions for plan amendments to the Comprehensive Plan and official zoning map.

"C. Annually, review its portion of the City budget and suggest desired amendments, as relates to comprehensive plan, capital facilities plan, and policy matters.

"D. Review and perform extraterritorial planning for Urban Growth Areas as defined by Snohomish County and for annexation areas under consideration by the City.
E. Conduct neighborhood and community hearings and meetings, both formal and informal in nature, regarding its studies, recommendations and proposals.

F. Participate in preparing an annual report showing achievement toward fulfilling goals, policies and objectives of the Planning Commission.

G. Prepare an annual work plan for the ensuing year.

H. Present major policy advisories to the Mayor and City Council.

I. Meet with the Mayor, City Council and the Hearing Examiner, on an annual basis and other advisory boards, as required.

J. Examine and respond to referrals from the City Council, Mayor or staff, including public meetings or formal hearings.

K. Perform other advisory duties as may be provided by ordinance or as may be assigned to it by the City Council or Mayor.”

In performing this work, the Commission works most closely with the Department of Community Development; other City departments provide support to the Commission on an as-needed basis. In most cases, the Commission’s work culminates in findings, conclusions and recommendations for final action by the City Council.

Regular Commission Meetings:
- 2nd and 4th Thursdays of each month – January through October.
- Single meetings in November and December (due to holidays).

Major Projects of 2008

2. **Zoning Code Amendments**

During the year, the Planning Commission reviewed and made recommendations on the following amendments to the Zoning Code:

- Lot Size Averaging Code Amendment (2008-CAM-0001)
- Tent Cities Code Amendment (2008-CAM-0003)
- Accessory Dwelling Units Code Amendment (2008-CAM-0002)
- Civic Banners and Signs Code Amendment (2008CAM0005)
- Swift BRT Stations Code Amendment (2008CAM0006)

The first two amendments were approved by the City Council in 2008. The latter three are being considered by the Council in 2009.

3. **Other Matters**

As part of its regular annual calendar, the Planning Commission also considered and made a recommendation on a new Six-Year Transportation Improvement Program (TIP) and an update of the City’s Commute Trip Reduction program. The Commission also received regular updates on major City planning-related projects, including the Annexation Project and the Highway 99 Revitalization Strategies. In 2009, the Commission will serve as the project advisory committee for the revisions of the zoning regulations and design guidelines for the Highway 99 corridor.

**Officers for 2008**

The following officers were elected at the February 14, 2008, meeting and served the entire year:

- Chair – Richard Wright
- 1st Vice Chair – Elisa Elliot
- 2nd Vice Chair – Michael Wojack
Membership Changes in 2008

Elisa Elliot’s appointment (Position 6) expired at the end of 2008. She is retiring from the Commission after completing her six-year term.
