Roll call: Yes – Johnson, Bigler, Decker, Peycheff, Elliott; No – Powers. Motion carried.

Commissioner Elliott, seconded by Chair Johnson, moved to remove the language that is included in section #3. By eliminating that language, there would be no restriction on the setback for the garage.

Commissioner Bigler requested that the motion made by Commissioner Decker be read back to the Commission. After hearing the motion again, Bigler noted that Decker's motion in effect moved to recommend Amendment #1 to City Council with a modification. Therefore, no other motions could be made and Commissioner Elliott motion was nullified.

Commissioner Decker moved that the Commission reconsider the action of the vote taken on recommendation to forward to the City Council the preparation staff has done including his amendment to the presentation.

Community Director Cutts explained Parliamentary Procedure whereby a motion to amend would be allowed and each amendment would be voted on.

Commissioner Elliott seconded Decker's last motion and it carried unanimously.

Commissioner Decker, seconded by Commissioner Bigler, moved that the Commission recommend to the City Council this code as prepared by staff.

WORK SESSION

PRC zone Sign Regulations Code Amendment

Associate Planner Michaelis advised that this code amendment would allow signage in the Alderwood Mall and several shopping centers surrounding it that are permitted in other commercial zones. The proposed amendment would make changes to the regulations regarding Identification Signs and Wall signs only:

Identification Signs would include a change to Free Standing Signs, allowing the mall to list major tenants along with identifying Alderwood Mall.

Wall Signs would be allowed on all sides of a commercial building rather than just areas defined as building frontages.

At the conclusion of Michaelis’ presentation, discussion took place between the Commission and staff. This item will be the subject of a public hearing on August 28.
