WHEREAS, the City Council of the City of Lynnwood has the responsibility under the Constitution of the State of Washington for the improvement, maintenance, protection and operation of public ways within the corporate limits of the City pursuant to RCW 35A.11.020 and Chapter 35A.47 RCW; and,

WHEREAS, the improvement, maintenance, protection and operation of public ways requires building sufficient capacity to adequately accommodate existing congestion and anticipated future congestion, and also requires maintaining and preserving existing transportation improvements to avoid both catastrophic failure of the improvements which would require significant additional funds to reconstruct, as well as their gradual deterioration; and,

WHEREAS, the ongoing annual costs to combat congestion and to preserve and maintain the City's transportation infrastructure continue to rise making it difficult for the City to sufficiently address these issues; and,

WHEREAS, Chapter 36.73 RCW provides for the establishment of Transportation Benefit Districts and for the levying of additional revenue sources for the purpose of acquiring, constructing, improving, providing, and funding transportation improvements within the District that are consistent with existing state, regional, and local transportation plans and necessitated by existing or reasonably foreseeable congestion levels; and,

WHEREAS, the state, regional, and local transportation plans all emphasize the importance of maintaining level of service standards so as to reduce congestion and the need to preserve and maintain current infrastructure in order to maximize investment and avoid costly reconstruction; and,
WHEREAS, RCW 35.21.225 authorizes the City Council to establish a Transportation Benefit District subject to the provisions of Chapter 36.73 RCW; and,

WHEREAS, the City desires to form a Transportation Benefit District which includes the entire City of Lynnwood as the boundaries currently exist or as they may exist following future annexations; and,

WHEREAS, prior to establishing a Transportation Benefit District, the City Council shall conduct a public hearing upon proper notice, which shall describe the functions and purposes of the proposed Transportation Benefit District; and,

WHEREAS, the City provided notice of and conducted the public hearing on April 26, 2010, regarding the proposed establishment of a Transportation Benefit District in accordance with RCW 36.73.050; and
