b. Work with the mayor and other city staff to gather any additional
information it deems necessary;
c. Prepare and present to the council and the administration by September
19, 2011 a draft report on its findings including any recommendations
from the committee.

The full resolution is attached to this report.

Meetings

The Budget Task Group met on the following dates:
August 12
August 16 (with Finance Director Hines)
August 23 (with Finance Director Hines)
September 4
September 9 (with Mike Bailey, Finance Director, City of Redmond – Cms
Smith & Simmonds only)
September 14
September 15 (with Mayor Gough, Assistant City Administrator Ceniza, Finance
Director Hines)
September 16
Summary of Work

The Budget Task Group met 8 times from August 12-September 16. The goal of the Task Group was to review the city’s financial picture as presented to the council in the Finance Director’s July 26 Mid-biennial Budget Report, and to make a determination as to whether or not the layoffs and cuts called for in the Mayor’s July 26 memo were indeed warranted.

As a first step, the Task Group collated and forwarded to Finance Director Hines all councilmember questions and comments re his July 26 presentation.

Scope of Work 4.a. The Task Group met twice with Finance Director Hines and, with regard to item 4.a in its scope of work, quickly focused its inquiries to the following areas:

1. Verifying the Salary & Benefits methodology used by Director Hines
2. Clarifying the Recreation Center revenue picture so as to be able to compare May-August, 2011 actual revenues with projections used in the 2011/12 budget;
3. Confirming and incorporating the anticipated savings from the city’s transition to a new benefits plan beginning in 2012.
4. Clarifying the status and reporting of the appx $3.4M revenue from the sale of property to Edmonds Community College;
5. Determining if the level of new business activity occurring in Lynnwood 2011-12 is high enough to warrant an investigation of its potential impact on city revenues.

Scope of Work 4.b. The Task Group met with Mayor Gough, Assistant City Administrator Ceniza and Finance Director Hines on September 15 to further clarify the answers provided by Director Hines to the Task Group in his September 12, memo.

No meetings with other department directors were held.

Conclusions

1) The Task Group generally concurs with the numbers as provided by the Finance Director in his July 26 Mid-Biennial Review with the following observations:
   a) We believe the anticipated General Fund Unencumbered Fund Balance is higher than that projected in the Review.
   b) The Task Group believes the city will have a projected negative cash balance of $550k by the end of 2012. This assumes full repayment of the $3M Utility Fund Loan and keeping a $4M balance in the General Fund Unencumbered Reserve Fund
   c) There remain two outstanding items needing clarification:
      i. Recreation Center actual revenues vs projections are not yet clear
      ii. The scope of and impact on city revenues of new business activity is not yet clear
2) The projected cash flow problem is neither as immediate nor as dire as predicted and the mayor's call for layoffs and cuts beginning October 1 is not supported by the Budget Task Group. See attachment A.

Recommendations

1. Postpone any layoffs & cuts until the council adopts mid-biennial budget amendments later this year. It is anticipated that the full council will take up mid-biennial amendments in November/December, 2011.

2. Continue the Budget Task Group through Dec 31, 2011 with the following scope of work:
   a) Re-assess the city’s financial situation after receipt of the Finance Director’s 3rd quarter report expected to be presented to the council in October.
   b) Analyze the effects on levels of service should the Mayor’s suggested layoffs and cuts be implemented.
   c) Present conclusions and recommendations to the council by Nov 2, 2011 for consideration during mid-biennial budget amendment deliberations.
