About the Route and Station Alternatives

- At-grade and elevated tracks or a combination of both will be evaluated for each route alternative. A total of 13 alternatives are being considered across three segments.
- Each alternative serves the Northgate Transit Center and the Lynnwood Transit Center.
- Each alternative assumes a station that serves the Mountlake Terrace Transit Center area.
- Each alternative assumes a station at NE 185th St. on the east side of I-5.
- Potential station locations also include NE 130th St., NE 145th St., NE 155th St., and 220th St. SW.
- A draft Environmental Impact Statement will identify the potential benefits and impacts associated with building the route and stations along I-5.

Legend

- Potential Stations
- Potential Added Parking
- Potential Routes
  - At-grade and elevated tracks or a combination of both will be evaluated for each route option.
The Lynnwood Link Extension is part of the voter-approved Sound Transit 2 Plan to extend mass transit throughout the region. Targeted for completion in 2023, the project will be the northern extension of a light rail system that will provide more than 50 miles of service to the north, south and east of Seattle.

PURPOSE AND NEED

- Provides reliable, rapid, and efficient two-way, peak and off-peak transit service of sufficient capacity to meet the existing and projected demand.
- Provides a mobility alternative to travel on congested roadways, and improves connections to the regional multimodal transportation system.
- Supports North Corridor communities’ and the region’s adopted land use, transportation and economic development vision.
- Supports the long-range vision, goals, and objectives for transit service established by Sound Transit’s Long-Range Plan for high quality regional transit service connecting major activity centers.

Si usted desea hablar con Sound Transit en el idioma español acerca del tren de riel ligero entre Northgate y Lynnwood llame al 1-800-823-9230.

Nếu muốn nói chuyện với Sound Transit bằng tiếng Việt vui lòng gọi số 1-800-823-9230.

Kung muốn nói chuyện với Sound Transit bằng tiếng Trung Quốc vui lòng gọi số 1-800-823-9230.

Northgate (Hà Nội) và Lynnwood (Hoa Kỳ) là hai thành phố thuộc hệ thống du lịch Sound Transit, với số điện thoại 1-800-823-9230 để liên hệ với chúng tôi.
Sound Transit is moving ahead to study in-depth route and station options to extend light rail from Northgate to Lynnwood. In March 2012, the Sound Transit Board identified specific route and station alternatives for light rail along I-5 to be studied in the draft Environmental Impact Statement (EIS). The Lynnwood Link Extension is now in the environmental review phase of the project and the project team will be preparing the draft EIS scheduled to be published in mid-2013. Once the draft EIS is released in mid-2013 you will have the opportunity to review the document and provide input during a series of public meetings.
