ARTICLE 4
MANAGEMENT RIGHTS

4.1 The Union recognizes the prerogative of the Employer to operate and manage its affairs in all respects in accordance with its responsibilities, and the powers and authority which the Employer possesses.

4.2 The Employer has the authority to adopt rules for the operation of the Department and conduct of its employees provided such rules are not in conflict with the provisions of this Agreement or with applicable law.

4.3 The Employer has the right to schedule overtime work as required in a manner most advantageous to the Employer and consistent with the requirements of municipal employment and the public interest.

4.4 Every incidental duty connected with operations enumerated in job descriptions is not always specifically described, nevertheless, it is intended that all such duties shall be performed by the employee.

4.5 The Employer reserves the right to discipline or discharge for cause. The Employer reserves the right to lay off for lack of work or funds or the occurrence of conditions beyond the control of the Employer or where such continuation of work would be wasteful and unproductive.

4.6 The Employer has the right to assign work and determine the duties of employees; to schedule hours of work, to determine the number of personnel to be assigned at any time; to determine and to introduce new work methods or facilities; to contract for goods and services for operation of the department; and to perform all other functions not limited by this Agreement.

4.7 The right to establish day to day work/duties within the classification of the employee, prepare work schedules and measure the performance of each employee.

4.8 The right to take any and all types of actions as may be determined by management to be necessary in the event of emergencies.

4.9 The right to determine the budget at all times.
Statement of Intent: The 2007 Interest Based Bargaining process included a thorough and cooperative discussion of the Management Rights section of the bargaining agreement. Intent and meaning of each part of the Management Rights section were acknowledged. Some changes were made to help give clarity to the overall intent of the section and both Management and the Union are in agreement that the amended section, in whole, fulfills its purpose. (Language left in CBA for historical purposes)

ARTICLE 5
UNION SECURITY, REPRESENTATION AND BUSINESS

5.1 Union Membership - It shall be a condition of employment that all employees of the Employer covered by this Agreement who are members of the Union in good standing on the effective date of this Agreement shall remain members in good standing and all employees covered by this Agreement who are hired on or after its effective date shall, on or before the thirtieth (30th) day following the beginning of such employment, become and remain members in good standing in the Union or pay an amount of money equivalent to the regular Union dues and initiation fee to a non-religious charity designated by the Employer.

5.1.1 In the event an employee fails to meet the requirements set forth in Section 1.2, the Union may give the Employer a reminder of this fact, with a copy to the employee. The employee shall comply within fourteen (14) calendar days of receipt of such reminder.

5.2 Union Notification - Within fifteen (15) days from the date of hire of a new regular employee, the Employer shall forward to the Union the name and address of the new employee. The Employer shall notify the Union of all employees leaving its employment within thirty (30) days of separation.

5.2.1 Union Notification for Part-Time Employees – Within fifteen (15) days from the date of union eligibility as set forth in Article 3, the Employer shall forward to the Union the name and address of the employee. The Employer shall notify the Union of all Union employees leaving its employment within thirty (30) days of separation.

5.3 Payroll Deduction - The Employer, upon the written authorization of an employee within the bargaining unit, shall deduct from the pay of such employee the monthly amount of dues as certified by the secretary of the exclusive bargaining representative and shall transmit the same to the designated officer of the Union. The employee shall have the right to withdraw authorization for deductions at any time.

5.4 Non-Discrimination - The Employer shall not discriminate against an employee for exercising his rights under the law or upholding Union principles and any employee who works under the instructions of the
Union in the administration of this Agreement, or who serves on a committee for such purpose, shall not lose his job or be discriminated against for this reason; provided however, such activities shall not interfere with the employee’s duties.

5.4.1 The Employer and the Union shall ensure that the administration and application of the terms and conditions of employment included in this Agreement shall not be in contravention of Federal or State law governing employment discrimination.

5.4.2 Wherever words denoting a specific gender are used in this Agreement, they are intended and shall be construed so as to apply equally to either gender.

5.5 Union Visitation of Employer Premises - A representative of the Union, named in writing to the Employer by the Secretary-Treasurer of the Union, may have access to the premises of the Employer for the purpose of administering the provisions of this Agreement; provided however, there shall be no interruption of any employee’s work.

5.6 Bulletin Boards - The Employer shall provide suitable space for a Union bulletin board at each work facility. Postings by the Union on such boards shall be confined to official business of the Union.

5.7 The City and the Union are required to bargain any new collective bargaining agreement “in good faith”. Both parties are required to meet at reasonable times, to confer, and negotiate with the goal of reaching an agreement in a timely manner.

5.7.1 It is agreed that each unit/division represented by a Shop Steward (Streets/Storm Water, Water/Sewer/Water Quality, WWTP, and Parks) may have a representative actively participating in the negotiations process to support the interests of the individual work units.

5.7.2 While it is understood that the City is not willing to agree to unlimited paid release time for the duration of all negotiations, and while the Union team understands the city’s desire for limitations, it is also understood that if the Union team is not able to negotiate during paid time, they either lose compensation or are forced to use accrued paid leave to make up the pay difference. The management team is not faced with the same consequence since collective bargaining is an employer directed job responsibility.

5.7.3 The Employer, therefore, agrees to provide paid release time to each Teamsters member who serves on the negotiations team during their regularly scheduled working hours at straight time, up to a maximum of twenty two (22) scheduled negotiation meetings of four (4) hours each. In
the event the negotiations exceed twenty two (22) meetings, both parties agree to subsequent negotiation meetings being held at the Teamsters Headquarters Building (currently in Tukwila, WA), on mutually agreeable dates. The set number of negotiation meetings can be altered with the mutual agreement of both the Union and the Employer.

ARTICLE 6
NO STRIKE OR LOCKOUT

6.1 The Union agrees that there shall be no strikes, sympathy strikes, slowdowns, or stoppage of work, or any interference with the efficient management of the Public Works and Parks Departments provided all terms of this Agreement are in effect. Any or all employees who violate any of the provisions of this Article may be discharged or otherwise disciplined.

ARTICLE 7

7.1.1 Regular Part-Time employees who are recognized by the Union per Article 3 shall receive a paid day off the job for all recognized holidays described above. If a Regular Part-Time employee is working less than a full-time schedule, holidays will be pro-rated (example: If an employee works 20 hours per week, he/she would receive a 4 hour holiday instead of an 8 hour holiday).
If the date of any of the afore-referenced holidays should be changed, the new date shall be deemed a holiday and any such holiday falling on Sunday shall be observed on the following Monday, with the exception of December 24th. When December 24th falls on a Sunday, it shall be observed on the following Tuesday; and when December 24th falls on Friday, it shall be observed on the preceding Thursday. A holiday falling on Saturday shall be observed on the preceding Friday. In addition any day or portion thereof may be designated as a holiday by the City Council.

An employee shall receive the holiday pay only if he is in a paid status on his normally scheduled work day before and his normally scheduled work day after the holiday.

Any work performed by an employee on any of the afore-referenced holidays (observed or actual) shall be paid at the overtime rate, excluding the statutory floating holiday. No employee shall be called on such holiday for less than four (4) hours, except those personnel on Standby Duty.

8.1.1 The vacation accrual schedule for all Regular Part-Time employees recognized per Article 3 shall be the same as Section 8.1 but will be pro-rated based on the number of normally scheduled hours worked (for example: if the employee normally works 20 hours per week, 50% of the vacation accrual contained in Section 8.1 will be earned.)

8.2 Employees who have a family emergency may use vacation leave or sick leave if applicable if the employee's presence is required. Notice that is normally required for vacation leave shall be waived, upon approval of the Employer.

8.3 A vacation shall not be taken until after the completion of six (6) full calendar months of service. An employee's vacation accruals shall be based on his anniversary date of regular full-time or regular part-time employment with the Employer.

8.4 Vacations shall be scheduled at such times as the Employer finds most suitable after considering the wishes of the employee and the requirements of the respective department.

8.5 Vacation time shall be taken within the twelve (12) month period following the period for which it is accumulated and may not be extended beyond twice the annual rate without approval of the Mayor.

Example:

Seven (7) year employee accrued one hundred twenty (128) hours annual vacation.

\[128 \times 2 = 256\] hours

The maximum which may be accumulated without the approval of the Mayor would be two hundred fifty-six (256) hours.

8.6 Upon termination, an employee shall thereupon be entitled to a sum of money equal to his former regular compensation for any earned vacation leave time accrued but not used less any monies due the Employer. Such monies shall be paid in his final paycheck due the next regular pay period after the effective day of termination.
ARTICLE 9
SICK LEAVE, FITNESS FOR DUTY, AND DISABILITY INSURANCE

9.1 Sick Leave - Regular full-time employees shall accumulate sick leave pay at the rate of one (1) day for each completed calendar month of service. Accumulated sick leave pay shall be paid at the rate of eight (8) hours per day at the employee's regular straight-time hourly rate of pay from and including the employee's first working day absent. Regular employee attendance shall be a condition of continued employment. It shall be the employee's responsibility to be at work, on time, unless the employee has a bona fide emergency or injury/illness occur. Employees who fail to maintain acceptable attendance records shall be subject to disciplinary action up to and including discharge. Sick leave usage records shall be posted on a monthly basis by the Employer.

9.1.1 Sick Leave for Regular Part-Time - Regular part-time employees shall accumulate sick leave pay on a pro-rated basis based on the number of hours normally scheduled (for example: if the employee normally works 20 hours per week, 50% of the sick leave accrual contained in Section 9.1 will be earned.)

9.1.2 The Employer retains the right to require employees to be examined by a physician selected by the Employer when employees are receiving Labor and Industry benefits or return from on-the-job injury of three (3) consecutive days or more. An employee who fails to comply shall be subject to disciplinary action up to and including discharge.

9.1.3 The Employer retains the right to require any absent employee to present verification from a provider of health care service of the reason for such absence from work; provided, (1) the employee has used over fifty (50) hours of sick leave during the most recent twelve (12) month period and additional sick leave is requested, or (2) the employee has previously been advised in writing of the Department Heads intent to require verification. Employees who fail to present such certification when required by the Employer shall be subject to disciplinary action up to and including discharge. Absences due to on-the-job injuries (L&I), Family and Medical Leaves, a true medical emergency of the employee's immediate family (as defined by Section 9.1.3.1), Bereavement Leave and/or Wellness Incentive Program shall not be included in the calculation of sick leave usage for the purposes of this provision.

"Immediate family" shall be defined as spouse, children, parents, siblings, grandparents, mother-in-law, father-in-law or grandchildren, by blood, marriage, domestic partnership, or legal adoption, with up to three (3) additional days off charged to sick leave if travel is necessary. Such additional sick leave may be requested and taken for bereavement, subject to the approval of the Mayor or his designee.

10.3 Leave of Absence - Employees may be granted a leave of absence without pay due to illness, injury or other legitimate reasons. The period of such leave of absence shall not exceed six (6) months, unless otherwise approved by the Employer. An employee who is on such leave of absence shall cease to accrue sick leave, vacation, holiday leave, health and welfare benefits, or any other benefits cited under the provisions of this Agreement. However, the employee may, at his option and expense, continue health and welfare benefits during the period of such leave of absence as long as allowed by the insurance carrier(s). Such leaves shall not constitute a break in service but no seniority benefits shall accrue during the leave of absence. Upon his return, the employee shall be assigned to the same position or to an equivalent position occupied before the leave.

10.4 Family Leave - Employees shall also be eligible for Family Medical Leave without pay as provided by the Family Medical Leave Act and under applicable City policies.

10.4.1 Family and medical leave eligibility will be calculated using a rolling 12-month period from the start date of the family leave.
ARTICLE 11
HEALTH AND WELFARE

11.1 Medical and Dental Insurance The Employer shall pay each month one hundred percent (100%) of the premium necessary for the purchase of employee coverage and ninety percent (90%) of the premium necessary for the purchase of dependent coverage under the following insurance plans:

- Association of Washington Cities HealthFirst Medical Plan or Group Health $10 co-pay plan
- Association of Washington Cities Dental Plan F or Willamette Dental Service.

11.1.1 If during the life of this Agreement the plan(s) identified in Section 11.1 are no longer available, the parties shall meet to negotiate a mutually agreeable replacement plan(s). The Union agrees to appoint a representative to participate in any City-wide insurance committee, if convened, during the term of this Agreement.

11.1.2 Maintenance of Benefits - The Employer retains the right to determine the provider of any and all of the insurance coverages set forth within this Article; provided however, there shall be no reduction in benefits, provided that benefit changes made by the insurer or by the Association of Washington Cities Benefits Trust Board outside the control of the City, shall not be prohibited. Further, the Employer may not substitute a non-indemnity plan (i.e. HMO) for any of the health care plans provided for by this Article.

11.2 Vision Insurance - The Employer shall pay each month one hundred percent (100%) of the premium necessary for the purchase of employee coverage under the existing vision care plan. Employees may enroll their spouses and dependents at their own expense to receive coverage under the Vision Service Plan.

11.3 Life Insurance for Regular Full Time Employees: - The Employer shall pay each month one hundred percent (100%) of the premium necessary for the purchase of a life insurance policy for each employee, which shall provide for a beneficiary of such policy as designated by the employee. The face value shall be equal to the employee's annual salary, to a maximum of fifty thousand dollars ($50,000.00). The Employer shall continue the present practice of paying ninety percent (90%) of the premium necessary for the purchase of dependent coverage.
11.4 **Long Term Disability Insurance for Regular Full Time Employees** - The Employer shall pay each month one hundred percent (100%) of the premium necessary for the purchase of employee coverage under the current long term disability insurance plan.

11.5 **Payroll Deduction: Short Term Disability and/or Supplemental Life Insurance** - The City shall, after signing necessary documents consistent with the obligation set forth in this section, make monthly contributions from the base salary of each employee to a mutually acceptable carrier for a Short Term Disability and/or Supplemental Life Insurance Policies for those members who agree to participate. The carrier is selected through the City's bid process and agreed to by the union. This benefit shall remain separate and apart from any other City benefit. The employee contribution shall be deducted from each participating employee's paycheck. No employer match is required. The City shall commence the deductions only upon receipt by the City of a signed payroll deduction from each participating employee covered under this Agreement. Except for the willful disregard by the City of its obligations under this section, the Union shall indemnify, defend, and hold harmless the City against any and all claims, demands, suits or other forms of liability (monetary or otherwise) and for all legal costs that shall arise out of or by reason of action taken or not taken by the City in complying with the provisions of the article. For those existing employees that have not elected this optional benefit, they may only do so during the annual open enrollment period.

**ARTICLE 12**

**WORKERS' COMPENSATION AND SUPPLEMENTAL BENEFITS**

12.1 The Employer retains the right to pay the health and welfare insurance premiums for the employee and his dependents in the event the employee is seriously ill or injured and unable to work. This matter shall be reviewed on a case-by-case basis.

12.2 **On-the-Job Injury** - An employee injured on the job and entitled to benefits or payments under Worker's Compensation shall receive the difference between the benefits and payments received by the employee under such Workers' Compensation and his regular straight-time hourly rate of pay that he would have otherwise received from the Employer if able to work. The foregoing payment or contribution by the Employer shall be limited to the period of time that such employee remains employed with the City. An employee who is on Workers' Compensation, and no longer on compensated status with the Employer shall cease to accrue sick leave, vacation, holiday leave, or any other benefits cited under the provisions of this Agreement.
ARTICLE 13
WORK SCHEDULES

13.1 Hours of Work - The regularly scheduled hours of duty shall be established by the Employer over a seven (7) day week and shall not exceed forty (40) hours. Time cards shall be signed by the individual and his immediate supervisor as a record of all hours worked. The work days shall be scheduled consecutively unless otherwise agreed by the employee. Normal work schedules for each employee shall be posted in their respective work areas and shall include the start time, end time, and scheduled holidays off. The employer may establish an alternative work schedule to meet seasonal or other special needs with 2 weeks notice prior to the start of the alternative schedule.

13.1.1 Rest Periods - Employees shall receive a fifteen (15) minute rest period, on the Employer's time, for each four (4) hours of working time. Unless otherwise allowed, rest periods shall be taken at the job site.

13.1.2 Meal Period - Employees shall receive a thirty (30) minute meal period which shall be on the employee's own time and which shall commence no less than three (3) nor more than five (5) hours from the beginning of the shift.

13.1.3 Change in Starting Time - An employee shall be notified of a change in his normal working schedule at least forty-eight (48) hours prior to the effect of such change. In the event an employee's work schedule is changed with less than forty-eight (48) hours notice prior to the effect of such change, the employee shall be paid one and one-half (1-1/2) times his regular straight-time hourly rate of pay for all hours worked outside his normal work schedule and within the forty-eight (48) hour period of such notice.

13.2 Alternative 12-hour work shifts
Where applicable and at the City's discretion the City of Lynnwood may implement 12-hour Alternative work shifts. The intent of 12-hour shifts would be to create a regular schedule including consistent days on and off and start/completion times for staff during a 2-week period for operations, like the Wastewater Treatment Plant, that operate around the clock. The other intent of such a shift would be to have more depth of coverage for each shift allowing leaves to occur with less disruption and shift changes.

For the life of this agreement, this alternative work week was established to address the issue raised by the Union of a shift differential for those working a 24-hour operation. In the event that 12-hour shifts are not implemented, then both parties agree to negotiate this issue upon the request of either party.
This section applies only to employees working a 12-hour workweek. Said workweek shall be a fixed and regularly recurring period of 168 hours (seven consecutive 24-hour periods). The 12-hour shift workweek need not coincide with the calendar week, but may begin on any day and at any hour of the day and be configured based on 7 days in a 2-week period (84 hours) with the workweek splitting one shift so that two 42-hour work weeks result. Once the shift is established, the days on and off can not be exchanged without Management approval. The Alternative 12-hour work schedule shall be established on a two week cycle whereas the employee is scheduled 3 days in the first calendar week and 4 days in the second calendar week, or vise versa. For those regularly scheduled days there shall be a 12-hour guarantee.

Overtime shall be paid for all hours worked after 40-hours of straight-time actual hours worked in a work week excluding the addition of Holiday pay.

Due to the nature of the Alternative 12-hour workday and workweek these exceptions listed within this Article shall apply.

1. **Vacation:** Consistent with Article VII, vacation leave is accrued in hours. Employees on a 12-hour shift using vacation leave for their full shift shall be required to use 12 hours of leave.

2. **Leaves:** Consistent with Article VIII, sick leave is accrued at the rate of 8-hours per month. Employees on a 12-hour shift using sick leave for their full shift shall be required to use 12 hours of leave.

3. **Bereavement:** Bereavement Leave shall be paid at 12-hours per day for 2 days and if a 3rd day or more is needed shall be paid from sick leave.

4. **Holidays:** Holiday pay shall be paid at the rate of 8-hours straight time to each employee on the Alternative 12-hour schedule. The employee must take additional vacation, or leave without pay if approved by management, in order to take the whole shift off. Upon mutual agreement, the holiday may be observed on another day, provided it is taken within the same work week.

If the Alternative 12-hour workweek scheduled is utilized in a 24-hour operation (such as the Waste Water Treatment Plant), the holiday shall be observed on the actual holiday due to the nature of the 24-hour, 7-day a week nature of the operation. All hours worked on the holiday shall be at one and one-half times (1.5X) the straight-time hourly rate of pay.
At the city's discretion, it shall have the ability to operate a "skeleton crew" on a holiday. In such case, the city shall place the holiday bid up with a minimum of 30-days prior to the holiday. The holiday off shall be issued by seniority per shift. Should no employee sign up after the bid has been posted for 1 week, the City shall have the right to assign the day off by reverse seniority per shift. No employee who is forced to take the holiday off shall be compensated for less than 40 straight time hours in his/her FSLA work week. The employee bidding the day off must also use additional hours of vacation, or leave without pay if approved by management, in order to take the whole shift off. Such employees who take the holiday off under this provision shall not be eligible for overtime pay for the additional 2 hours of a 42 hour work week, unless actual hours worked exceed 40 hours.

ARTICLE 14
 COMPENSATION

14.1 The classifications of employees covered by this Agreement and the corresponding rates of pay are set forth within Appendix "A" which is attached hereto and made a part of this Agreement.

14.2 Longevity - Upon completion of the required time of service, regular full-time employees shall be entitled to Longevity Pay as per the following schedule. Longevity shall be based on employee's date of hire on full-time service, to become effective with the beginning of the pay period following completion of the required service time.

Regular part-time employees who are recognized by the Union per Article 3 shall be entitled to Longevity Pay on a pro-rated basis based on the number of hours normally scheduled for work (for example, if an employee works 20 hours per week, he/she would receive 50% of the longevity rate). Longevity shall be based on the date the employee was first eligible for regular part-time benefits.

14.2.1 Longevity shall be paid as per the above schedule provided that the employee has demonstrated acceptable performance as evidenced by an overall performance evaluation of “Good Work” or better, utilizing the current evaluation instrument in use by the City of Lynnwood as of the date of this contract. An overall performance evaluation of “Good Work” or better, means that at least 80 percent of rated categories are “Good Work” or better. To fail the definition of an overall performance evaluation of “Good Work” or better, at least 20 percent of the evaluation categories utilized in the evaluation must be checked “Learning or Must Improve.” To count towards the 20 percent, the rater comments must clearly support that the reason the “Learning or Must Improve” box was checked related to performance deficiencies and not to document the learning process.

Employees who have not demonstrated acceptable performance as defined above will be compensated at the next lower longevity schedule and must first be issued a written notification of performance deficiencies during the performance period stating areas of unsatisfactory performance and that the employee’s longevity is in jeopardy. The written notification shall be provided to the employee within 60 calendar days from when performance is deemed deficient and a minimum of 30 calendar days prior to the employee’s anniversary date to allow an appropriate amount of time for performance correction. The written notification shall include corrective action items and will define a length of time for improvement not to exceed six (6) months. Upon successful achievement of an overall “Good Work” or better rating at any time during the six (6) month period, the employee shall be re-evaluated and elevated to the usually applicable longevity schedule rate. Employees who are still rated “Learning or Must Improve” at the end of the six (6) month period shall receive a subsequent rating at the conclusion of six months from the date of the prior rating.

14.3 Callback - An employee called back after finishing his regular shift shall be paid at the overtime rate for all hours worked with a minimum guarantee of two (2) hours at one and one-half (1-1/2) times his regular straight-time hourly rate of pay for all callbacks except callbacks that occur between the hours of 11:00 p.m. and 5:00 a.m., in which case the minimum guarantee shall be four (4) hours at one and one-half (1-1/2) times the employee’s regular straight-time hourly rate of pay. However, if the employee’s regular shift starts less than two (2) hours from the time he started work on the callback, he shall receive one and one-half (1-1/2) times his regular straight-time hourly rate of pay only for such time as occurs before his regular shift. If any time remains between the completion of the work and the commencement of the shift, the employee shall make himself available to be assigned to duty until his regular shift begins. If employees regularly work a night shift, the above language applies to callbacks that occur between the hours of 11:00 a.m. and 5:00 p.m.
14.4 Standby Duty - In December and July of each calendar year, employees shall be given the opportunity to sign up for Standby Duty on a volunteer basis. In the event the Employer determines it does not have enough volunteers, the Employer retains the right to require at least eight (8) employees to work Standby Duty on a rotating basis in accordance with the current practice. Employees who are assigned to Standby Duty shall receive an allowance as follows:

14.4.1 Employees assigned to Standby Duty shall be eligible for additional overtime from the first callback and shall be credited a minimum of two (2) hours on all such callbacks.

14.4.1.1 Any member not assigned to Standby Duty who is contacted once or multiple times by a City of Lynnwood Supervisory employee, including Foremen, outside of regular work hours for work related purposes, and who is not called in for duty, will be credited a minimum of one (1) additional hour of overtime worked; provided however, if the length of time spent for all such contacts exceeds one (1) hour, then the employee will be paid for actual time spent for all such contacts. If called in for work, the employee will be credited for all hours worked including time spent during the contact as defined above.
14.4.2 Person in Charge (PIC) and Standby Person, Duties and Responsibilities

When the employer decides it's necessary, they may establish a Person in Charge (PIC) to be available to receive after-hours calls for assistance and to dispatch the appropriate response. It is the employer's right to determine the number of PIC's and to pick PIC personnel from either Management or the Bargaining unit. It is also the employer's right to, depending on conditions, staffing levels, and funding, to establish standby lists for Streets, Utilities, and/or Parks. One person is on each standby list for the period in question.

14.4.2.1 Person in Charge (PIC) Pay Rates: If from the bargaining unit, the compensation for the PIC shall be the same as the Standby pay rate established in this agreement. If non-bargaining unit PIC pay is higher than standby pay rates, then bargaining unit PIC's shall receive that higher non-bargaining unit PIC pay. If the PIC is contacted (one time or multiple times) between the hours of 11:00 p.m. and 5:00 a.m., the PIC shall receive one (1) hour of additional overtime for such contacts; provided however, if the length of time spent for all such contacts exceeds one (1) hour, then the employee will be paid for actual time spent for all such contacts. Overtime for multiple occurrences shall not be paid for the same time period and shall extend for an hour after the last occurrence.

14.4.2.2 Person in Charge (PIC) Responsibilities: PIC is responsible for making the call(s) to those needed to do the after-hours work. Once the PIC has information regarding the work needed from the standby or other bargaining unit member, the PIC uses his best judgment and decides who should perform work needed to conclude the situation. For example, the work can either be performed by the bargaining unit or the PIC may call any service necessary to address the issue. The PIC shall make calls in the following order:

1. Person on Standby List. The person on the Standby List is the 1st person to be scheduled overtime on the day in question. He/she may be granted approval by the PIC not to perform scheduled work. If he/she is not qualified to do the needed work, cannot handle the work, if special circumstances exist, or if the call-out requires another person, the PIC then calls.

2. Another bargaining unit member who is capable of performing the work in question. The other standby person, if qualified to do the work, is called next. If not, the PIC calls the bargaining unit member from the standby list in the rotation wheel. The rotation wheel is the current and regularly updated list of Teamsters that are on standby duty. The rotation wheel is to be updated approximately twice a year, or as appropriate. In the rotation wheel - the employee most recently worked goes to the bottom of the list. Updates shall include lists of available
phone numbers and those who have opted out. In the case of emergency, the city reserves the right to call out all employees, even those who have opted out.

3. Any employee of the city or outside vendor.

Any deviation by the PIC from the above shall be documented within 72 hours on the overtime sheet showing the reasonableness of deviation, and reviewed and approved as a part of bi-weekly time card submittals.

14.4.2.3 Standby Person Responsibilities: In order to be allowed to be on Standby duty, the employee must:
1. Be available to take the call within a reasonable amount of time;
2. Live within close enough proximity to be available while on duty to travel into the Lynnwood city limits within about 30 minutes of receiving a call;
3. Be sober while on Standby duty;
4. Communicate with PIC if employee becomes unavailable for any reason;
5. Be qualified to do the work representing their list;
6. Communicate with the PIC immediately if he/she is not able to address the issue by themselves or at all.

14.4.2.4 Penalties
1. Standby person fails to follow procedures outlined herein. First offense:
   i. Removed from Standby list for a period of two passes of the rotation wheel or appropriate discipline.
2. Standby person fails to follow procedures outlined herein. Second offense in 1 year period:
   i. Removal from current Standby list or appropriate discipline
3. PIC fails to follow procedure outlined herein: First offense:
   i. Removal from PIC list for a period of two rotations of the wheel or appropriate discipline.
4. PIC fails to follow procedure outlined herein: Second offense:
   i. Removal from current PIC list or appropriate discipline.
5. If management PIC calls out of order without proper justification and person called is outside of Teamsters, person who was originally scheduled to be on Standby receives a minimum of 2-hours of overtime pay or hours worked by employee called in out of order, whichever is greater, or
6. If management PIC calls out of order without proper justification and person called is a Teamster, person who was originally scheduled shall be offered to work a minimum of 2-hours of overtime or hours worked by employee called in out of order, whichever is greater.
14.5
Overtime- Regular Full Time Employees - Any time worked by an employee over his normal shift in any day or forty (40) hours in any seven (7) calendar day period shall be paid at a rate of one and one-half (1-1/2) times the employee's regular straight-time hourly rate of pay. Increments of time shall be one-half (1/2) hour with the major portion of one-half (1/2) hour to be paid as one-half (1/2) hour. Overtime shall be recognized only when authorized by the Department Director or his designee.

14.5.1
In computing overtime for Regular Full Time employees, all contractual holidays (except the statutory floating holiday) shall be considered as compensated time, although the employee does not work.

14.5.2
Overtime- Regular Part Time and Part Time employees - Any time worked over forty (40) hours in the defined 7 day work week shall be paid at a rate of one and one-half (1-1/2) times the employee's regular straight-time hourly rate of pay. Increments of time shall be one-half (1/2) hour with the major portion of one-half (1/2) hour to be paid as one-half (1/2) hour. Overtime shall be recognized only when authorized by the Department Director or his designee.

14.5.2.1
In computing overtime for Regular Part Time and Part Time employees, only hours actually worked shall be considered as compensated time.

14.5.3
Overtime will be paid at a double time rate (two times) when any regular eight (8) hour shift exceeds 12 consecutive hours of work.

14.5.4
Premium or overtime pay shall not be duplicated or pyramided. In no event shall premium or overtime pay be based on other than the employee's regular straight-time hourly rate of pay.

14.6
Emergency Conditions: During unusual emergent conditions that require a change in shift and/or starting times governed by Article 13, employees will have a minimum 10 hour off shift period between the end and start time of their next shift. Previously scheduled shifts that would have occurred during the 10 hour off shift period are cancelled and superseded by the newly established emergency shift and therefore employees are not required to code 10 hour off shift periods on their timecards.

14.7
Compensatory Time - Compensatory time may be accrued by agreement between the City and the employee with the following limitations. Specifically, in lieu of overtime pay, an employee may with supervisory approval elect to accrue compensatory time off equal to the applicable overtime rate for each hour of overtime work, provided:

1. The maximum allowable accumulation of compensatory time off shall be sixty (60) hours.
2. Accrued compensatory time off may be used at the discretion of the employee with the supervisor's consent.

3. In the event the employee terminates for any reason, accrued compensatory time shall be paid off in cash to the employee or his or her heirs.

4. All Compensatory time not used by December 31 shall be paid to the employee no later than the second pay period of the following year at the wages in effect on the last pay period of the year when the compensatory time was earned.

14.8 Crew Premium Pay for Work at Pump Stations and Wastewater Treatment Plant

Premium pay at the rates shown in the table below shall be paid to any non-treatment plant employee that routinely performs maintenance at either the Wastewater Treatment Plant or Sewer Pump Stations. Routinely means regularly scheduled and recurring hours including call-outs at the Wastewater Treatment Plant (or a similar number and type of hours at the Sewer Pump Stations) that would qualify the worker to be able to obtain and/or retain their Washington State Treatment Plant Operator Certification (OIT through Group IV). The minimum number of regularly scheduled hours to qualify for such premium pay shall, in no case, be less than ten (10) hours per month at the Wastewater Treatment Plant or the Sewer Lift Stations as verified by the employer.

Statement of Intent - The City has historically achieved maintenance of the Wastewater Treatment Plant and Sewer Pump Stations with two separate positions (Pump Station Operator and Maintenance Technician). These positions are paid, generally, at a higher rate than Maintenance Workers in the industry, due to the higher skill, hazards, and technical requirements of the job. Comparables justify this general difference in pay. In order to provide a larger work force capable of this higher skill level work and to have more depth/backup for these super-critical pieces of infrastructure, management has elected to change how the City performs such maintenance. Maintenance work at the Wastewater Treatment Plant and Sewer Pump Stations has recently been distributed among the various levels of Maintenance Workers, Lead Workers and Foremen consistent with their job descriptions. Recognizing that this work is compensated at a higher rate in the industry, the parties wish to distribute this higher compensation to all employees that perform such work on a regular and routine basis. One benefit of this plan is that those Maintenance Workers who perform such regular and routine maintenance at the Wastewater Treatment Plant would qualify to receive state certification as Treatment Plant Operators, thus qualifying them to train for and ultimately compete for other Wastewater Treatment Plant Operator positions, which generally are paid at higher rates. The benefit to the City is that there would be Maintenance Workers trained and available to immediately fill in for Treatment Plant Operators should the need exist.

*Note: Premium pay applies to all hours worked in pay period, not just hours worked at Wastewater Treatment Plant and Pump Stations

14.9 Crew Premium Pay for Electrical or Welding Work – Any employee asked to perform electrical work or welding shall be paid out of class pay per section 15.6 for all hours of that 80 hour pay period. To qualify for such premium pay the work must be at a skill level that requires training and experience of a tradesman and that goes beyond maintenance as described in the job description.

14.10 Commercial Drivers Licenses (CDL) – To assure that the City of Lynnwood is able to perform all job functions involving duties requiring a CDL, the City will provide training, and appropriate documentation of training, that enables employees the opportunity to earn and maintain a Commercial Driver’s License for those positions that require a CDL per the job description. The City will incur the costs of initial training required to earn a CDL in-house but not for training done by outside parties unless specifically approved in advance by the City. The expense for renewing an approved license and related endorsements or certification shall be paid by the City. The City shall determine and allow the employee a reasonable amount of time off with pay to take the necessary exam/test. If the employee fails to obtain the license or certification after two attempts, the employee shall be responsible for the cost of repeating the same test/exam.

14.11 PAY FOR PERFORMANCE:

The Union and Management agree that recognizing and compensating excellent work performance should be a high priority, and that a “Pay for Performance” system should be considered. The concept is that through thorough and timely performance evaluations and clear expectations of performance standards, employees that meet a designated standard of excellence be recognized and compensated with some type of extra pay or bonus step.

The parties agree to consider using some or all of the funds allocated towards Longevity Pay to pay for the Performance Pay compensation.
Other funds, not as yet designated, may also be considered.

The parties agree that there are mutual interests with this topic and future discussions should be considered.

ARTICLE 15
CLASSIFICATIONS AND PAY RANGES

15.1 The STEP increases A to B, B to C, C to D, and D to E shall be recognized as performance STEP increases based upon the successful completion of twelve (12) months of service in each respective performance STEP.

15.1.1 Successful completion occurs if no written notification of unsatisfactory performance is issued during the performance period.

15.1.2 The employer must communicate with the employee about their unsatisfactory performance and issue at least one oral warning prior to the written notification.

15.1.3 Written notifications must:

15.1.3.1 State areas of unsatisfactory performance, corrective action items required and warn that the employee’s step increase is in jeopardy.

15.1.3.2 Define a length of time for improvement not to exceed six (6) months.

15.1.3.3 Be provided to the employee within 60 calendar days from when performance is deemed deficient and a minimum of 30 calendar days prior to the employee’s anniversary date to allow an appropriate amount of time for performance correction.

15.1.4 During the 6-month period referenced in 15.1.3.2, a performance evaluation shall take place at 3 months.

15.1.4.1 If it is determined that the employee’s performance has improved and meets the outlined expectations at the 3 month review, the step increase will be put in place at that time, is not retroactive, and the step increase anniversary date does not change.

15.1.4.2 If it is determined that the employee’s performance has improved and meets the outlined expectations after the 3-month review, the step increase will be put in place at that time, is not retroactive, and the step increase anniversary date will be reset to occur in twelve (12) month increments thereafter, provided no written notification of unsatisfactory performance is issued for that period, and until the employee achieves the top step in the employee’s classification.
For any employee hired as a Treatment Plant Operator prior to October 1, 2007, the rates of pay shall be determined by their Washington State Certification Group Level.

For any employee hired after Oct. 1, 2007, as a Treatment Plant Operator, the rates of pay shall be determined by their Washington State Certification Group Level up to and including a Treatment Plant Operator II.

Promotions to Treatment Plant Operator III and IV shall be made only when a vacancy occurs, at the option of management, and provided that the employee demonstrates proficiency for a promotion, including but not limited to acquiring their appropriate Washington State Certification Group Level.

Promotions - In the event a permanent job vacancy occurs in the bargaining unit, appointments shall be made by the Employer, upon selection of the applicants determined to be best qualified for the position, after providing due opportunity and consideration for advancement of present employees in positions of lower salaries. The Employer shall give consideration to an employee's length of continuous service with the Employer as well as the ability to perform the duties required in the job. To the extent that comparable qualification and performance are found to exist, preference shall be given to advancement of such present employees before appointment of new employees.

A newly promoted employee shall be considered on probation for a period of six (6) months, during which time an evaluation shall be made as to whether the employee shall continue in the promoted position or resume his former position. The evaluation of this promotional probation period shall not be subject to the grievance procedure and the decision to make the promotion permanent shall be solely at the Employer's discretion.

The Employer shall fill vacancies in bargaining unit positions as soon as practical, once the Employer has made the decision to fill such vacancy.

Job Postings - New positions and positions which become vacant within the bargaining unit shall be posted for seven (7) calendar days, during which time employees may apply for the position. Posted jobs shall contain a description of the job duties, the rate of pay and the starting date for the position. An employee's eligibility for positions posted shall require the employee to have demonstrated qualifications to perform the duties of the position.

The Employer may place any new employee in the appropriate classification and/or pay step, based on the employee's qualifications and experience. There shall be no automatic promotions or progression from
one pay grade to a higher pay grade. For example, progression from Maintenance Worker I to Maintenance Worker II shall occur when a vacancy occurs and, provided that the employee demonstrates the proficiency required for a promotion to Maintenance Worker II.

15.6 Out of Class Pay:
1. Definition: An employee works out of class when he or she is assigned the major distinguishing duties of a position in a higher classification for five (5) consecutive working days or longer or when a higher class needs to be filled for 5 consecutive days and is done so by one or more person(s), then all replacement hours shall be paid at the out of class pay rate. This does not include those individuals involved in routine training. All out of class pay shall be approved in advance by the employer.

2. Compensation for Work Out of Class: An employee working out of class will receive an hourly pay increase in their pay rate for those hours worked pursuant to the following:

<table>
<thead>
<tr>
<th>Year</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>2013-2015</td>
<td>$1.50</td>
</tr>
</tbody>
</table>

Statement of Intent: The City wishes to recognize and compensate employees when they take on extra responsibilities related to work in a higher classification. A minimal amount of sharing of responsibilities is expected due to periods of short absence by personnel. It is recognized, however, that when an employee is absent for one week or more, then often times a subordinate must assume many of the duties and responsibility of the absent employee. A higher rate of pay is warranted in this situation.

15.7 Each employee shall have the responsibility to maintain proficiency and/or certifications required to perform assigned duties. Failure to comply may result in a reduction in classification and possible discharge.

ARTICLE 16
PENSIONS
(ARTICLE LEFT INTENTIONALLY BLANK)
ARTICLE 17
DISCIPLINARY ACTION

17.1 The Employer shall not suspend or discharge an employee without just cause. With respect to suspension or discharge the Employer shall give the employee one (1) written warning in order to give the employee an opportunity to correct any problems brought to his attention; provided however, no obligation shall exist for the Employer to issue such warning if the offense involved is of grave importance such as theft, gross insubordination, intoxication while on duty, possession or use or sale of illegal drugs, or other matters of similar significance. Suspension or discharge shall be by written notice to the employee with an informational copy to the Union.

17.2 The complaint specified in such prior warning notice need not concern the same type of misconduct as the cause for discharge or suspension. No such warning notice concerning an employee's work or conduct shall remain in effect for a period of more than twenty-four (24) months. A copy of such warning notice shall be sent to the Union at the time it is given to the employee.

17.3 The Employer shall give a reasonable notice to the employee and Union of the need to conduct a Laubermill hearing prior to issuance of disciplinary action. A warning notice shall be issued within thirty (30) working days of the alleged cause for the reprimand or within thirty (30) working days of the Employer's knowledge of the cause for such warning notice.

ARTICLE 18
SETTLEMENT OF DISPUTES

18.1 Grievance Policy - The parties recognize that the most effective accomplishment of the work of the Employer requires prompt consideration and equitable adjustments of the employee's grievances. It is the desire of the parties to adjust grievances informally whenever possible, and both supervisors and employees are expected to make every effort to resolve problems as they arise. However, it is recognized that there may be grievances which can be resolved only after a formal review. Accordingly, the following procedure is hereby established in order that grievances of employees covered by this Agreement may be resolved as fairly and expeditiously as possible.
18.2 Grievance Defined - A grievance shall be defined as an issue raised relating to the interpretation, application or violation of any terms or provisions of this Agreement. The grievance procedure is the exclusive remedy for claims that the contract has been violated. A grievance shall be processed as set forth below, provided that time limits and/or procedure steps may be waived by mutual agreement of the parties. For purposes of this Article, working days means Monday through Friday (except holidays).

18.2.1 Section A.2 of Appendix A may be grieved by Part Time Employees - Part Time Employees may only utilize the grievance process to resolve an issue raised related to the interpretation, application or violation of any terms or provisions of Section A.2 of Appendix A, Hourly Rates of Pay for Part Time Classifications. No other contract article may be grieved by Part Time Employees.

18.3 Grievance Procedure

18.3.1 Step 1 An employee and/or the Union, within ten (10) working days from the occurrence or knowledge of the occurrence of an alleged grievance (but in no event more than thirty (30) working days from the date of the occurrence), may bring said grievance to the attention of his immediate supervisor in writing. The written grievance shall set forth the nature of the grievance, the facts on which it is based, the article allegedly violated, and the remedy requested.

The immediate supervisor shall hold a grievance meeting with the employee within five (5) working days of the supervisor's receipt of the grievance, and the supervisor will submit a written grievance answer within ten (10) working days of the meeting to the employee and the Union.

Step 2. If the grievance was not settled at Step 1, it may be advanced by the Union to the Department Head or designee within ten (10) working days of receipt of the Step 1 answer. A grievance meeting with the Union shall be scheduled within ten (10) working days of receipt of the grievance, and a written grievance answer will be given within ten (10) working days of the meeting to the Union.

Step 3. If the grievance was not settled at Step 2, it may be advanced by the Union to the Mayor or designee within ten (10) working days of receipt of the Step 2 answer. A grievance meeting with the Union shall be scheduled within ten (10) working days of receipt of the grievance, and a written grievance answer will be given with fifteen (15) working days of the meeting to the Union.
At the request of either party, and upon mutual agreement, the timelines as defined in these grievance procedures may be suspended in order to conduct an Interest Based Bargaining (IBB) style discussion of the grievance issue. If the IBB discussion does not resolve the issue or either party wishes to return to the traditional process and timelines, either party may then restart the formal grievance process timeline at the point it was suspended upon written notice. In order to facilitate an open discussion of the issues, any proposals, discussion, and/or brainstorming offered in the IBB process shall not be binding upon either party and will be considered "off-the-record" and confidential and may not be used to either party's advantage should arbitration occur if the IBB process is not successful.

Failure of the Mayor or designee to satisfactorily resolve the alleged grievance to the satisfaction of the grieved party shall permit the Union or the Employer the right to submit a demand for arbitration within ten (10) working days of receipt of the Mayor's response.

The Employer and the Union shall immediately thereafter select an arbitrator to hear the dispute. If the Employer and the Union are not able to agree upon an arbitrator within ten (10) working days after receipt by the Employer of the demand for arbitration, the Union may request a list of nine (9) arbitrators from the American Arbitration Association. After receipt of same, the parties shall alternately strike the names of the arbitrators until only one (1) name remains, who shall, upon hearing the dispute, render a decision which shall be final and binding upon both parties.

Nothing herein shall prevent an employee from seeking assistance from the Union or the Union from furnishing such assistance at any stage of the grievance procedure.

The expenses of the arbitrator, the cost of any hearing room and the cost of a shorthand reporter, unless such are paid by the State of Washington, shall be borne equally by the Employer and the Union. The arbitrator shall have no power to negotiate new agreements or to add to, delete from, ignore, or modify any of the terms of the Agreement. Each party shall bear the cost of its own representatives, including attorney's fees.

ARTICLE 19
WORKLOAD AND STANDARDS, TRAINING, PERFORMANCE EVALUATION AND ORGANIZATIONAL EXCELLENCE

Training and Development - The City may subsidize employee participation in training and education based on relevance to the employee's job, budget limitations and managerial priorities:

A. If an employee is required by the Employer to participate in any development or training program, the time shall be considered time
worked for pay purposes except as otherwise provided by state and federal law. In addition, the Employer will be responsible for costs related to tuition, texts, training materials, and other expenses required for such participation, subject to the City’s Travel and Reimbursement Policy.

B. The Employer may approve an Employee’s request to pay for attendance at classes or seminars offered by colleges, business schools, professional organizations, consulting firms or private businesses. An employee wishing to take a class, seminar or course must complete an approval request form. The form is subject to approval by the employee’s Supervisor and the Department Director prior to enrollment in the class.

C. If an employee is required to maintain a certification as a condition of continuing employment, the certification renewal fee will be paid by the Employer.

19.1.1 Expenditure of Employer funds for training programs shall be made after prior approval by the Mayor, upon recommendation by the Department Director. Employees shall be required to furnish proof of satisfactory completion of programs previously paid for by the employee prior to reimbursement for payment by the Employer of such programs. Where grades are provided, a minimum "C" grade shall be required. Expenditures for training purposes shall not exceed the amount of funds budgeted for this purpose.

19.1.2 The Employer shall provide information on job-related training programs offered in the Seattle area to employees.

19.1.3 Cross-training During the period of October-December of each year, those Maintenance Workers interested in participating in a voluntary cross training program shall notify their Department Director of their interest. If there are interested persons and if agreed upon by the Union and Management, Management shall develop and implement a voluntary cross-training program for Maintenance Workers. A call for volunteers will be made for those interested in participating. Management will interview each applicant and choose those that meet the minimum qualifications of each separate job description (i.e. utilities, transportation, parks) Depending on adequate number of volunteers, a rotating schedule with equal training time for each division would be developed and implemented.

Statement of Intent: The Interest Based Bargaining process identified the need to provide our employees with cross-departmental training. Public Works Utilities, Transportation and Parks all have Maintenance Workers that have similar responsibilities as well as differing technical skill requirements. In order to promote and encourage cross departmental hiring and promotions, management would like to
encourage Maintenance Workers to gain skills and experiences in each area. As opportunities for advancement become available, there would be more qualified candidates from which to choose. Both parties would therefore benefit.

ARTICLE 20
SENIORITY

20.1 Seniority - An employee's seniority shall be defined as that period from the employee's most recent first day of regular full-time, regular part-time, or part time employment within the bargaining unit as detailed in Article 3.

20.1.1 Break in Seniority - An employee's seniority shall be broken so that no prior period of employment shall be counted and his seniority shall cease upon:

Justifiable discharge.

Voluntary quit.

Layoff or leave of absence due to illness or injury for a period exceeding twenty-four (24) months unless otherwise approved by the Employer; provided however, such approval may only be granted if the employee has been in the employ of the Employer for a period of at least one (1) year prior to such layoff or leave of absence or in the event of an on-the-job injury, the period of leave shall be for as long as there is a reasonable verifiable expectation that the employee will be able to return to work.

Failure of the employee to return to work upon recall from layoff within ten (10) calendar days after the certificate of mailing date of the Employer's written notice of recall, addressed to the employee's last known address appearing on the Employer's records.

20.2 When requested by the Union in writing, the Employer shall provide the Union with a seniority list, showing the name of each employee within the bargaining unit, his present classification and his date of employment in a Regular Full Time, Regular Part Time or Part Time status.
ARTICLE 21
LAYOFF AND RECALL

21.1 Reduction in Work Force - Seniority by affected classification shall prevail within the bargaining unit for layoff; provided however, the employee has demonstrated equal performance. In such event, the last one hired in the classification affected shall be the first one laid off. An employee affected by such reduction in force may exercise his seniority to bump into a lower classification on the following conditions:

- The employee's qualifications and performance are equal to the employee being bumped;
- The employee has greater seniority than the occupant of the position in the lower classification;
- In the event of a reduction in work force, an employee accepting a reduction to a lower classification in lieu of layoff shall accept the wages for such classification;
- In the event the original job reopens within one (1) year the employee so reduced shall be reinstated to the original position;
- In the event of a layoff, the Employer shall give the employee being laid off at least thirty (30) days notice.

21.1.1 The judgment rests with the Department Director in administering the provisions of this Section. The Department Director shall be reasonable in the exercise of such judgment.

21.2 Recall - In the event of recall, employees shall be recalled in inverse order of layoff. An employee on layoff shall keep both the Employer and the Union informed of the address and telephone number where he can be contacted. When the Employer is unable to contact an employee who is on layoff or recall, the Union shall be so notified. If neither the Union nor the Employer are able to contact the employee within ten (10) working days after the certificate of mailing date of the Employer's written notice of recall, addressed to the employee's last known address appearing on the Employer's records, the Employer's obligation to recall the employee shall cease. The Employer shall have no obligation to recall the employee after he has been on continuous layoff for a period of one (1) year. In the event an employee does not return to work when recalled, the Employer shall have no further obligation to recall him.

ARTICLE 25
SAVINGS CLAUSE AND FUNDING

25.1 Entire Agreement - The Agreement expressed herein in writing constitutes the entire Agreement between the parties and no verbal statement shall add to or supersede any of its provisions.

25.2 It is the intention of the parties hereto to comply with all applicable provisions of the State or Federal Law and they believe that each and every part of this Agreement is lawful. All provisions of this Agreement shall be complied with unless any of such provisions shall be declared invalid or inoperative by a court of final jurisdiction. In such event either party may request renegotiation of such invalid provisions for the purpose of adequate and lawful replacement thereof; provided however, such findings shall have no effect whatsoever on the balance of this Agreement.

ARTICLE 26
TERM OF AGREEMENT

26.1 Unless otherwise specified, this Agreement shall be effective as of January 1, 2013 and shall remain in full force and effect through December 31, 2015.

Rate Increases: Part Time employees who have been employed for twelve (12) months and have worked at least 520 hours in those 12 months are eligible for an increase to the next highest rate for the classification provided performance is satisfactory. If such an employee meets the 12 month criteria but not the 520 hour criteria, they will be eligible for the increase when they do eventually meet the 520 hour criteria.

and

PUBLIC, PROFESSIONAL & OFFICE-CLERICAL EMPLOYEES AND DRIVERS

LOCAL UNION NO. 763

(Representing the Public Works and Parks Employees)

January 1, 2013 through December 31, 2015

This appendix is supplemental to the AGREEMENT by and between the CITY OF
LYNNWOOD, WASHINGTON, hereinafter referred to as the Employer, and LOCAL
UNION NO. 763, PUBLIC, PROFESSIONAL & OFFICE-CLERICAL EMPLOYEES AND
DRIVERS, hereinafter referred to as the Union.

Drug and Alcohol Testing - The following language shall be incorporated into the
City Drug Testing Policy. Each employee will be provided two (2) copies of the
policy, one (1) of which shall be signed, dated and retained by the City as proof
that the employee has been advised of the policy. The Union accepts the
adoption of the two City policies entitled Drug and Alcohol Testing for Non-CDL
Employees of the Teamsters Bargaining Unit and Drug and Alcohol Testing for
Employees Who Operate Commercial Vehicles as amended as of December 17,
2004. (See Attachments).

Reasonable Suspicion Testing

Employees covered by this collective bargaining agreement who are not subject
to DOT mandated drug and alcohol testing are only subject to reasonable
suspicion testing as outlined in this Article. Reasonable suspicion is not a basis
for testing unless it is based on first (1st) party observation and verification.

In cases in which at least one (1) supervisor, (and another supervisor or
employee, if possible) have reasonable suspicion to believe that the employee is
under the influence of controlled substances, the Employer may require the
employee to undergo a urine specimen collection or breath alcohol analysis. (The
employee may request to have another employee in the bargaining unit, if
available, accompany the employee to the testing site but not in the room where
the test is being administered.)

The requisite “reasonable suspicion” the supervisor (and another supervisor or
employee, if possible) must possess shall be specific and observable and shall
include abnormal indicators regarding appearance, behavior, speech or breath
odor.
All supervisors and Employer representatives designated to determine whether reasonable suspicion exists to require an employee to undergo drug or alcohol testing shall receive specific training, in a prescribed training program, on the physical, behavioral, speech and performance indicators of how to detect reasonable suspicion of alcohol misuse or use of controlled substances. The observations may include the indication of chronic and withdrawal effects of controlled substances. The supervisor must make a written statement of these observations within twenty-four (24) hours. A copy must be provided to the Shop Steward or other union official if an employee is disciplined.

In the event the Employer requires a reasonable suspicion test, the Employer shall provide transportation to and from the testing location.

Employees testing positive for alcohol or drugs shall be referred to the City's employee assistance program. The City will provide assistance to the extent covered by the City's employee benefit and leave policies. Discipline, if any is taken, will be based upon the employee's participation in the EAP's recommended rehabilitation program and the severity of any offences committed during work hours while under the influence of alcohol or drugs. Employees are subject to discipline up to and including discharge if they refuse to submit to either a urine specimen or breath alcohol analysis provided that management has explained the consequences of such action to the employee. Employees who come forward prior to any drug or alcohol related incident shall not be subject to suspension or discharge for doing so.

and
PUBLIC, PROFESSIONAL & OFFICE-CLERICAL EMPLOYEES AND DRIVERS
LOCAL UNION NO. 763
(Representing the Public Works and Parks Employees)

January 1, 2013 through December 31, 2015

IT IS HEREBY UNDERSTOOD AND AGREED BY AND BETWEEN THE EMPLOYER AND THE UNION THAT

1. Initial Transition: Part Time, Temporary/Seasonal employees employed on the date of contract signing that met the inclusion criteria in Article 3 after January 1, 2013 shall enter the bargaining unit as Part Time employees on the first day of the first available pay period as identified by Payroll staff according to their workload. Upon entering the bargaining unit, the employee will be paid the next closest higher rate within their job classification. For example: An employee previously earning $10.67 as a General Laborer would enter the bargaining unit at $10.99 as a General Laborer.

1.2 The City will communicate to the Teamsters business representative the pay period transition date and the names of any employees transitioning into the bargaining unit.

2. Ongoing Transition: Part Time, Temporary/Seasonal employees that prospectively meet the inclusion criteria in Article 3 after contract signing shall enter the bargaining unit as Part Time employees on the first day of the first available pay period after meeting the criteria.

3. The Employer and the Union mutually recognize that the transition may present administrative or housekeeping problems that neither party anticipated and therefore agree to work together to solve those problems in an amicable manner.
