Summary

The National Citizen Survey™ (The NCS™) is a collaborative effort between National Research Center, Inc. (NRC) and the International City/County Management Association (ICMA). The survey and its administration are standardized to assure high quality research methods and directly comparable results across The NCS communities. This report includes the verbatim responses to an open ended question included on The NCS 2014 survey for Lynnwood. Additional reports and the technical appendices are available under separate cover.

Respondents were asked to record their opinions about top community qualities in the following question:

- What are the top three qualities of the City of Lynnwood that make it a great community?

The verbatim responses were categorized by topic area and those topics are reported in the following chart with the percent of responses given in each category. Because some comments from residents covered more than a single topic, each topic mentioned by a resident was categorized and counted in the following chart. Verbatim comments that contain more than one topic appear only once (in the category of the first topic listed), however the analysis counts each of the topic areas given by all respondents regardless where those topics appeared in the comment.

Results from the open-ended question are best understood by reviewing the frequencies that summarize responses as well as the actual verbatim responses themselves. A total of 586 surveys were completed by Lynnwood residents; of these, 372 respondents wrote in responses for the open-ended question.

When asked to indicate what top three qualities they thought make Lynnwood a great community, about one-third of respondents indicated each of the following: safety; parks and green space; and proximity and quality of shopping opportunities. About one in five respondents indicated transportation, roads and ease of getting around as a top quality of the community.

- Quiet, accessible, & safe (great fire & police dept).

Other

- Responsive. - Small enough to be personal. - Variety.
- "No" fireworks!!! Lynnw. does not have a "main" street, not a "real" town (city). Too spread out. Taxes too high! & sales tax too high.
- 1) Outlawing fireworks - best!
- 1. Allowing residents to do fireworks (oh, its been taken away).
- 1. City center activities (sport events, public events etc). 2. Trails. 3. Parks.
- 1. Lynnwood is one of the most difficult cities to walk in. (Lack of appropriate sidewalks)! 2. Traffic signal timing is poor & creates backups. 3. "Over development" (poor planning & too many housing units) affects traffic, schools - high enrollment and lack of pride in personal neighborhood.
- 1. No red light camera's. 2. No red light camera's. 3. No red light camera's. They make people not want to come to Lynnwood.
- 1. There is no benefit at Lynnwood golf course for Lynnwood citizen. 2. No Photograph on 196th St S.W. 3. Often raise utilities.
- 1. Too much traffic cameras!!! 2. Too many tickets from policemen.
- 1. We have a great woman Mayor. 2. Fireworks are banned - Hooray! 3. Neighbors care about each other.
- All needed services are close by.
- Allow fireworks!
- Appreciation of cultural diversity. Serious efforts to deal with problems. Ponds & green spaces.
- Banning fireworks. The 4th of July is the celebration of our nations independence, for which our forefathers died for. To add insult to injury the city council denied the people at Lynnwood their right to vote on the issue. I will never again vote for any of the following people: Nicola Smith, Chris Boyer, Loren Simmons, Sid Roberts and Ruth Ross. And I always vote.

- Every community is only as good as its poorest individual's. All individuals need not fall thru cracks. The rest of the community benefits.
- Fewer days than Everett. Less expensive than Seattle.
- Hanging flower baskets of 196th & around the community center. Christmas tree lighting.
- Haven't been here a year yet. No even familiar with borders & contents. Hate 99 driving & 196th. Hope you fixed the 4 second cameras!! That is/was offensive!!
- Health, safety, employment.
- Hospital. Parks.
- I can't list 3, as it seems that everything is rapidly going downhill. Poor infrastructure.
- I dislike Lynnwood - mainly because of the lack of a city center, the lack of air quality & the traffic.
- I have lived here 55 years and have watched Lynnwood grow some good some not so good but overall I enjoy living here and do not plan to leave anytime soon.
- Irrelevant.
- It is not a "Great community". It is a "good community" to improve do: 1. More traffic cameras. 2. More transparent services for needy. 3. Re prioritize the job of police. They are ignoring traffic violations nearly completely.
• It’s not a "great community". We lived here for almost 30 years and there's never been a consistent vision or push to improve. It remains a strip-mall community that doesn't really care about neighborhoods.
• It's not a great "Community". Lynnwood has a long ways to go to feel a great sense of community.
• It's not great but it could be.
• I've lived here all my life and even though it doesn't seem to have a "city center" it still seems up and coming in arts, technologies, public events.
• Living on 200th SW can see Golf course green from my front door. I put on access sign on 76th & 200th. So people see as this is a turnaround street because 17 #1.
• Lynnwood has had the same traffic headaches for years. We routinely go to Edmonds rather than fighting the congestion of Lynnwood. It is viewed as place to shop - not a real community. When people ask where we live we prefer to say Edmonds, so they don't think we live by the mall, strip mall or fast food joints.
• Lynnwood is only OK I can't think of anything that makes it great with the possible exception of Edmonds CC & Ladro coffee.
• More culture and arts, we only stop in Lynnwood. We spend our $ at restaurants, shops, art & culture events elsewhere - nothing to do here- city government is a joke, stupid camera red lights.
• More sidewalks.
• My apt does not recycle or do yard Waste (for kitchen waste) - it should be required. (It also recycles to recycle facility).
• My home. Nothing else really comes to mind as I see the city as a whole average & while city employees are friendly - they are always quick to say that they may not be able to help you with your situation because of budget concerns. I think the police dept. doesn't need such sharp looking vehicles to do a good job.
• My only complaint is the traffic merge from I-5 onto 196th just before 36 Ave west. It is extremely dangerous to have to merge into freeway exit traffic in order to turn into 36th! I hate it!!! I also am unhappy at the lack of improvement on road surface on 36th which has been getting worse the entire (almost) 50 years I have lived here although recent repaving was done on 44th without need for it!
• New development of homes. Mall & stores. Small businesses.
• New Mayor. This survey. Proximity to interstate freeways.
• No businesses located in homes in a neighborhood. A caring city council and Mayor. Stop overbuilding apartment complexes.
• No comment. Hate, Taxes are way to high for what we have. Dumb - Dumb that the people in Lynnwood have to pay $20.00 more for tabs on car. We did not get to vote. You do not consider the elder, we cannot afford that. Looking for a place (another town), Rip off.
• No tall buildings.
• None, We didn't know it was called "Lynnwood" when we moved here because our kids wanted to try a new school with less drugs. So they started Meadowdale, within 3 days both my kids were offered drugs. The are now in K-12 online. We're looking for a "Cleaner" town or city to move to.
• Not a typical resident - Primary home is in PT - Keep an apt in Lynnwood in lieu of hotels.
• Seems like city of Lynnwood & city officials lack communication with residents of Lynnwood. If you leave a voice mail or correspondence in writing they pick & choose who they respond to. Lynnwood has no good qualities.
• Senior services. Superior Elem. & High school, Lynndale Elem., Meadowdale H.S, Seaview Elem.
• Size. Availability & access to shopping. In addition to the positive qualities, I find in my particular neighborhood most of the time because of a trailer park I often- actually very often I cannot legally park my car on the street in front of my own house. Too many people in the trailer park & many vehicles never move.
• Size. Quality of life. Safety.
• The ease of health service. Great number of food stores, exct. stores. Caring and helpful associations.
• The Love.
• There have been some nice improvements in Lynnwood, 148th Fred Meyer and new apartments and new mall on 196th. 95% of people I know would not move to Lynnwood do to overkill on so many cameras and this will be the reason I move out of Lynnwood get rid of this traffic surveillance cameras.
• There's nothing positive I can say other than the roads are getting better. Worst is : Too much speeding on 168th, too much building. There's more crime of some distortion of places graffiti etc.
• Too much building in Lynnwood. People cannot get out of their driveways with all the traffic.
- Traffic is terrible!!
- Turning right on "Red" stop light - will get a ticket? I think its very wrong! Let's Stop giving ticket on cars turning right.
- You all need to recycle to are trash.
