Our water-saving programs count on you.

Water – Use it Wisely.

2015 SUMMER YARD WATERING CALENDAR

From your water provider. Calendar on reverse side.

Water your lawn in the morning to reduce water loss from evaporation.

Repair leaky hose bibbs and hoses. Even small leaks waste water.

Plant the right plant in the right place for efficient watering.

Improve your soil. Healthy soil retains water, so you don’t have to water as often.

Water Conservation Tips:
Conservation program participation is voluntary.
