# Buffer Strip Reduction Application

File Name: \_\_\_\_\_

For City Use Only

File Number: \_\_\_\_\_

Date Stamp

Transitional buffer strips are required in new development and substantial redevelopment of properties zoned commercial or industrial which are adjacent to properties zoned residential or public. These landscaped strips generally consist of solid fencing and evergreen landscaping.

The Community Development Director may reduce the required buffer width and revise the required planting and fencing if the director finds that, due to the intensity of existing or proposed landscaping, change in topography between properties, use of the properties along the abutting property line, or other characteristics of the abutting properties, a reduced buffer width will provide adequate separation between the properties.

A Land Use Application for a Transitional Buffer Strip Reduction is deemed complete when it is accompanied by the required items identified below. Please be advised that additional information may be required during the review process in order to respond to or resolve particular issues. No application shall be considered complete if any of the required information is missing.

## REQUIRED ITEMS

- 1. Land Use Application Cover Sheet, with original signature(s).
- 2. A written statement describing the reduction and the basis for the reduction in full.
- 3. A complete, notarized Affidavit of Ownership for all property owner(s) of the involved property, with original signatures.

For Staff Use ONLY
